**The Feet of All.**  
Mrs. Will Armstrong, Urbana, writes I shall always praise your grand old Persian Cough Syrup above any other medicine on earth for the good it has done me in a very severe attack of La Grippe. Took a very sudden cold which settled on my lungs, and soon confined me to my bed; coughed incessantly day and night. Nothing we could do or take gave me any relief at all. Lungs became so congested and sore I could scarcely live. Two doses of the grandest medicine on earth, Persian Cough Syrup, gave me relief and two 50 cent bottles cured me sound and well. The grandest of them all. Sold by A. R. Champney.

**A Few Thoughts for Our Consideration.**  
Are you a judge of all kinds of dry goods? Can you take into consideration good quality and good style in contrast to the seemingly desirable and showy goods, which are made only for the sake of satisfying a demand for showy goods at low prices, and advertised as goods worth double the price that is asked for them. Do not for a moment think that we do not scan the advertisements of our neighbors a great deal closer than you do, and we find it a rare thing to see articles or goods of merit advertised as low as we are selling the same goods. Again our prices are the same every day and to every body. Remember, that we carry the best goods and at the lowest prices considered with style, quality and perfection. Lamson Bros. 333 & 335 Summit St., Toledo, O.

The hilarious pair were given one night in jail, and in the morning were very anxious to make a settlement, and a Maumee gentleman paid the damages and the females were allowed to travel.

**Late but True.**

On account of the fact that we devoted most of our space to the Teachers' Institute last week a number of items were crowded out, which, although somewhat late we give in this issue:

Mrs. A. E. Frederick has been elected Librarian of the Wm. library, and has taken charge of that institution. We think the board acted wisely in making this appointment, as Mrs. F. has had considerable experience in the work and will, we think, render good service.

John Duford desires to return his thanks to the neighbors and friends who kindly removed his household goods from the residence when threatened by fire.

Wm. Schlect is also thankful for the assistance rendered during the time his building was in danger.

Geo. H. Caldwell returned from Cleveland where he attended the session of Grand Lodge I. O. O. F. and reports a very interesting session.

Mrs. Anna M. Mills of Toledo visited Mrs. N. Teft last week and was accompanied home by Mrs. T.

John Marshall is working for Bacon & Will of Toledo.

A telegram was received here stating that Joe Nellis had been injured by falling in the hold of the steamer Hopkins. His wife was notified and she went to Buffalo on the steamer S. C. Reynolds and visited her husband in hospital. Joe is doing well and will recover. His injury consists of two broken ribs and a contusion of the hip.

At the last meeting of the Board of Education George Mills was elected Junior of the high school building, and Truant officer for the coming year. He will "jingle the bell" right merrily and keep his eagle eye peeled for the boy who fails to show up the proper number of days during the school year.

## Geological Charts.

Supt. Sadtler showed us some geological charts made by the eleven seniors in the high-school. These charts exhibited the structure of the earth from the internal med rocks to the surface, with appropriate colorings, and with beautiful drawings of the characteristic fossils of every period. The work was very fine, and surprises all who have looked at it, because one would not expect such elegant work from those who are so young. The pictures of fossils are just as fine as in the text books, and the class certainly shows fine training in geology.

## A Good Suggestion.

From the Dubuque, (Iowa,) Telegraph.

The adjourning of the impeachment court last Saturday, on account of Gen. Weaver's belly-ache, cost the people of this commonwealth nearly \$500. One dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy would have saved this expense, and we suggest, as a matter of economy and humanity, that the state provide against future contingencies of this nature, by furnishing each senator with a bottle of that valuable remedy. 25 and 50 cent bottles for sale by A. R. Champney.

They include the double breasted summer suit, which are pronounced beauties. They will outshine any \$25.00 or \$30.00 made to order suit, that was never fashioned in Toledo.
